

Review of meeting :

-Hornets nests upstairs need to be taken care of (batten has to go on in 3 places)

Arena:

✓ Voted to get sand

Rock picking needed

-Long term goals talked about new watering system more effective and efficient / new teeth on tractor deeper ones / get a better drag and waterer together but would need a diff tractor to haul. We are using fair boards tractor and Disk to help with spreading sand. They said we could.

Short term goals —new sand. Level and spread. Rock picking. Water more. More holes in pipe?

Lacey called T&C for sand and delivery 4-6 loads maybe

David contacted Ryan and Mike for help also.

Tractor:
